

ANOUR

I - MODEL CORD

Installation manual

Please, read our instructions before installing and using the product.

If you have any problems with the electrical installation, contact an electrician. Be sure to turn off the power before you start the installation. In some countries, all electrical installation must be carried out by professional electricians only. For further information, contact the relevant authorities.

Our products are for indoor use only. Check on a regular basis that the cord and other parts are not damaged. In this case, the product must not be used. Save these instructions for future use.

We use LED as a light source for our products. For replacement of LED contact Anour. The product should not be dismantled as it may get damaged. The product should not come into direct contact with water. Trailing edge dimming is not available for our product. Ceiling cap is not part of the package.

 Our products are marked with the symbol of the crossed out wheelie bin. That means that the product should not be disposed of with other household waste. Our products must be recycled in accordance with local environmental regulations for the disposal of waste. In complying with this you will help to minimize any adverse effect on human and environmental health.

If you have any questions please contact Anour. contact@anour.dk (2022)
